

### **Morgantown Art Association Enjoy Improvements from Organizational Arts Grant - 10/21/21**

Participants in classes at the Morgantown Art Association are enjoying improvements in the gallery's audio/visual system thanks to an Organizational Arts Grant is made possible through a collaborative effort between YCF and Arts Council of Greater Morgantown, with funding from the City of Morgantown, the Monongalia County Commission and the Douglas H. Tanner Memorial Fund for the Arts. This grant has allowed MAA to create an updated classroom/workshop space unique to this area.

Through the use of these monitors and speakers, students taking art classes and workshops will have improved visuals and audio of instructors' hands-on lessons. Viewing the intricacies of art techniques are made possible with this new equipment. This provides the opportunity for social distancing and larger classes. MAA members, students from the Osher Lifelong Learning Institute, and the public can participate in this upscale classroom setup.

In our well-equipped Gallery classroom MAA has contributed to our community in various ways including offering weekly classes, numerous day-long workshops, and three to four annual workshops taught by outstanding nationally acclaimed artists. This instruction is for the enrichment and growth of our members, and others interested in further art instruction.

For more information about MAA, find us on our website [morgantownartassociation.com](http://morgantownartassociation.com) or on Facebook and Instagram, or stop by The Gallery in the Mountaineer Mall.
